PADUCAH, KY., THURSDAY EVENING, JULY 18 1907.

10 CENTS PER WEEK

## ERNEST REHKOPF CALLED BY DEATH

Well Known Leather Man  
Succumbs to Heart Disease

Had Been a Factor in Industrial Development of Paducah for Many Years.

ELDER IN FIRST PRESBYTERIAN.

Mr. Ernest Rehkopf, 69 years old, one of Paducah's best known business men and elder in the First Presbyterian church, died this morning at 1:20 o'clock of heart disease, after an illness of a few hours at his home, 421 Washington street.

Mr. Rehkopf was seized with an attack of heart trouble last winter and his life was despaired of, but he recovered and was in fairly good health though much broken with business worries, and the acrimonious litigation growing out of financial reverses, until yesterday morning, when he again complained of a return of the trouble. He was sitting up with the family until 9 o'clock last night, and retired and went to sleep. About 1 o'clock he awoke with a scream, that summoned other members of the family hastily to his bedside. Mrs. Henry Duley and D. G. Murrell were called, but the last spark of life had departed before their arrival.

Mr. Rehkopf was a native of Hanover, Germany, and at 14 years he came to this country and was apprenticed in the tanning and leather-working trades. He resided in different parts of the country working at his trade, and when 21 years old he came to Paducah, where he had resided ever since.

Starting in business for himself in a small way, his concern grew, until it occupied two big buildings on South Second street, the coal factory on Kentucky avenue and the Mechanicsburg tannery. Fire cost him vast sums earlier in his career, at one time \$75,000 worth of his property being consumed without any insurance, and other misfortunes attended later efforts, but after each reverse until the last, Mr. Rehkopf, by industry and persistence managed to regain all that he had lost. When within a year his concern was forced into bankruptcy, followed shortly by involuntary proceedings, involving his personal estate, the general public was surprised.

Mr. Rehkopf employed a large number of skilled workmen during his business career, and was a factor in the industrial development of Paducah. His severe reverses at the late period of his life were deplored by many friends, who knew the man intimately.

At the age of 23 he was married to Miss Annie Sleek, of this city. Besides his sister, Mrs. Caroline Griesbolder, of St. Louis, who will arrive tomorrow there are no other living relatives. Mr. Rehkopf began his business career here when 23 years old under the firm name of Rehkopf & Johnson.

Besides his wife Mr. Rehkopf is survived by four children: Mr. John G. Rehkopf, the well known buggy dealer, who was associated with his father in business; Mr. Henry Rehkopf, a vehicle dealer, of Memphis; Mrs. Earl Walters, of Memphis; and Mrs. Oscar Starks, of this city. All the children, with the exception of Mr. Henry Rehkopf, were at his bedside when Mr. Rehkopf died.

The funeral will be held tomorrow afternoon at 4:30 o'clock at 421 Washington street, the Rev. W. E. Cave, pastor of the First Presbyterian church, officiating. The honorary pallbearers will be: Messrs. J. M. Brunson, W. D. Cherry, George B. Hart, T. A. Baker, L. M. Rieke, W. H. Rieke, Stanley DuBois, J. A. Rudy, and J. D. McQuot. The active pallbearers will be: Louis Kolb, Sr., Russell Cobourn, Joseph Ullman, Fred Kamleiter, William Kraus and Mr. Baumer.

**Henry Frisz.**  
Central City, Ky., July 18. (Special)—Henry Frisz, 42 years old, formerly a locomotive engineer on the Illinois Central railroad, died here yesterday evening at 4:30 o'clock of Bright's disease, after a lingering illness. Until 5 years ago Mr. Frisz had a run out of Paducah on the Louisville division. Then he ran out of Louisville. For two years he had been operating a machine shop in this city, his native place. Ten months ago he sustained a stroke of paralysis at Vincennes, Ind., and he had been ill ever since. Mr. Frisz was a member of the Paducah lodge of Elks and the Brotherhood of Locomotive Engineers. Besides his wife and infant child, Mr. Frisz leaves several sisters, including Mrs. John Dicke, of Paducah. The funeral will take place tomorrow morning at 9:30 o'clock.

**Little Helen Stewart.**  
Helen Stewart, the 11-months-old

## WEATHER FORECAST.

## FAIR

Generally fair tonight and Friday except probably local thunder showers in north portion this afternoon or tonight. Highest temperature yesterday, 97; lowest today, 77.

## GOES INSANE.

Marshall, Mich., July 18.—A guardian was appointed today for James Harmon, formerly of Chicago, whose wife and two children were killed in the Iroquois theater fire. Brooding over their deaths unbalanced his mind.

## TRY IT AGAIN.

Paris, July 18.—A news agency sends out the report that Mme. Anne Goud, whose final decree of divorce from Count Boni de Castellane was confirmed, is to marry Prince Desgan. Their engagement will shortly be announced.

## MAGILL CASE.

Clinton, Ill., July 18.—It is feared Fred Magill, the banker, charged with poisoning his wife, will never live to stand trial. Friends believe if he does not commit suicide he will lose his mind on account of the terrible strain under which he is laboring.

## ANTI-JEWISH FEELING.

Warsaw, July 18.—Anti-Jewish feeling is prevalent again in Skonsitz on the Austrian frontier. Scores of Jews were killed and terrified inhabitants are fleeing toward Austria for protection.

## RAILWAY WRECK.

Washington, July 18.—It is announced at Southern Railway offices here that a northbound passenger train was derailed at Richland, S. C., today, overturning the engine and damaging the postal and express cars. A fireman and several passengers were injured.

## 10,000 ELKS.

Philadelphia, July 18.—Flanked by a multitude of more than half a million cheering spectators, 10,000 Elks marched in annual review today. No more picturesque procession ever was witnessed here. Some of the costumes were most unique.

## GRAIN MARKET.

Cincinnati, July 18.—Wheat, 98; corn, 57; oats, 58 1-2.

## GEORGIA DISASTER.

Boston, July 18.—Report of the board of inquiry, investigating the accident aboard the battleship Georgia, probably will be forwarded to Washington today. From unofficial trustworthy sources it is learned several members of the board expressed opinions that the accident was not due to a spark, but to spontaneous combustion of gases generated by the extremely rapid firing. The crew was straining every nerve to break the record for quick work.

## AUTO ACCIDENT.

Anderson, Ind., July 18.—An automobile driven by Dr. E. K. Lookins was run down by a traction car today. Lookins was instantly killed and his companion seriously injured.

## DEATH PENALTY.

Chicago, July 18.—When the case of Herman Billick, a Bohemian fortune teller and hypnotist, charged with slaying six members of the Vrsal family by arsenical poisoning, went to the jury today the state made a demand for the death penalty to be imposed.

daughter, of Mr. and Mrs. Chester D. Stewart, died at the family residence near Mt. McKinney last night of cholera infantum. The burial will take place tomorrow afternoon at 2 o'clock at Mt. McKinney cemetery.

## Howerton Infant.

The three-months-old infant of Mr. and Mrs. Y. Howerton died last night of inanition, at the home of Mrs. Mary Melber, near Wallace park. The funeral will take place tomorrow at 2 o'clock. The burial will be in the Catholic cemetery on the Cairo road.

## REGULATE RATES FOR TELEPHONES

Ordinance to be Introduced in  
General Council

City Solicitor James Campbell, Jr., Has Idea on Subject Which He Will Outline.

OTHER CITIES ARE DOING IT.

Regulation of telephone rates by the city, regardless of the possession by the company of a franchise, will be recommended to the general council soon by City Solicitor James Campbell, Jr., who returned today from Louisville.

Other cities in the state are undertaking to regulate rates under the existing laws, and the city solicitor is preparing to place before the general council an ordinance that he believes will stand the test of the courts.

A sliding scale, basing rates on the number of subscribers, probably will be recommended by Mr. Campbell, as it is easily proven that the larger the number of subscribers, the more it costs to operate the exchange and the more benefit each subscriber derives from the connections.

If the telephone companies take the case into the courts, tests of the city's rights to regulate rates will be made, and if it is found the cities have not ample authority, the legislature will be appealed to, for authority to establish rates.

## AUTOS COLLIDE; THREE KILLED

New York, July 18.—A mysterious automobile accident occurred near here last night. One man died on the operating table and two others are dying. Three are missing. Those alive are unable to make a statement regarding the accident. The automobiles met head on and both were smashed to pieces.

## HUMIDITY IN AIR MAKES US SUFFER

Really Not so Hot as it Has  
Been, But Heat is Oppressive and Men and Animals  
Wilt in This Atmosphere

GEORGE SHARP IS STRICKEN.

Human feelings measuring the temperature today show a sharp variation from the government record. At 9 o'clock this morning, the hottest part of the day before 2 o'clock, the thermometer showed 96 degrees. Yet people have suffered more intensely from the heat today than at any time in the last hot spell when the temperature was 100 for three consecutive days. It is due to the moisture in the atmosphere. The hydrometer in the government observation office indicates a moist condition, and the sun's rays beating down on it, turns it into steam, which causes humanity to perspire so freely. It is on the principle of a vapor bath.

Gazing at the sky will not help in telling when rain will come to relieve the situation. Rain will come when a cold breeze strikes this moist atmosphere and turns it into water. What made the day so frightfully oppressive was the absence of any breeze, but at noon the wind was veering slowly toward the east, and though the prediction does not indicate rain for this vicinity for tonight or tomorrow, it likely will come if the wind continues to get around in the quarter that will make it cold.

## Overcome With Heat.

Overcome with heat this morning while working on the streets George Sharp, an employee of the city in the street department was taken to his home on Norton street, between Fifth and Sixth streets, in a serious condition. This was Sharp's first day working for the city. He fell to the street three times this morning from the heat but pluckily resumed his work until the third time when he was unconscious and the patrol wagon with Patrolmen Hill and Harley was sent to take him home.

George Sharp is the brother of the man who was stricken while riding the flush tank last night.

Germany alone sends to London annually 20,000,000 feathers of birds for millinery purposes.

—Berryman in Washington Star.

## Vandals Destroy Rare Plants in Park Around County Court House

Bottles Strewn Around and  
Uprooted Flowers Show  
That Nothing But Pure Wantonness Directed Efforts of  
Miscreants

MAY DRIVE PUBLIC FROM IT.

Paducah's pride, the beautiful McCracken county court house lawn, was the scene of wanton vandalism last night when unknown persons tore up twenty-five of the plants, which adorn the park walks, and left beer bottles strewn over the lawn as an evidence of their nocturnal carousal. The flower plants were thrown down, where they had been uprooted, showing that only a spirit of destruction actuated the guilty persons. The result may be a stringent order forbidding the use of the court house lawn by the public as a park. County officers see in the removal of the benches scattered over the lawn for the comfort of the public the only means of curbing the vandalism. Despite the presence of the county jail on the grounds, a growing recklessness in certain persons who have frequented the park has been noticed lately by G. W. Webb the custodian of the park. Last summer, when County Judge Lightfoot first made the improvements to the court house lawn that made it the prettiest spot in the city, not a single evidence of the spirit that directed last night's action was observed. No

plants were stolen nor did any of the public abuse the privileges given.

This summer not only have plants been uprooted, but many have been stolen supposedly by persons who repainted them. It is comparatively easy to take the plants, as they line the walks thickly and one could be pulled up almost without slowing the gait. Mr. Webb, in the absence of County Judge Lightfoot, went to see Magistrate Bleich this morning to see what could be done toward finding and punishing the guilty persons. The lawn is Judge Lightfoot's pride and had he been here, decisive steps to prevent a similar occurrence in the future, and to punish the perpetrators, would undoubtedly have been taken. At this time, the lawn is particularly beautiful, the long walks being lined closely with the flowering plants, and the various beds showing off to fine advantage. Exclamations of delight never fall to come from the lips of visitors to the city coming in from the Union passenger station, when they pass this park.

## ANOTHER WARRANT IN BOYLE'S CASE

Matter May Come Before the  
Board of Aldermen on Adoption  
of Minutes of Meeting  
When License Was Given

CHARGE OF SELLING BEER.

## TANNERY PLANS ARE ABOUT READY

Architect A. L. Lamsler will have the plans for the new building of the Paducah Tannery company ready for the contractors to bid on them by the first of next week. It is for the new tannery company organized this month here and will occupy ground on the old Rehkopf tannery property. Other buildings on the grounds will be available for the company.

## SOLDIER ELOPES TO METROPOLIS

Chester A. Rice, a discharged soldier from the Philippines, and Miss Helene Robbins, of Ledbetter, Ky., eloped yesterday to Metropolis and were married by Squire Thomas Liggett. They returned here yesterday afternoon on the coming and spent the night at the Hudson House, leaving today on the Joe Fowler, to be supposed for Evansville, to spend their honeymoon. The bride is the daughter of Mrs. M. I. Robbins, and has been in Paducah several months attending business college.

Blow Up Thresher.

Hopkinsville, Ky., July 18.—Threshing machine of John Field, was blown up today near Oak Grove by dynamite placed in a bundle of wheat. John Garrett, feeding the machine, probably was fatally injured. Two negroes are hurt. The machine was operating on the farm of Dr. Wood. Neither Wood nor Field is a member of the Farmers' association.

Those who are interested in the approaching Horse show will be glad to learn that Mr. H. H. Arrington, of Rome, Ga., will enter some of his horses in the show this fall. Mr. Arrington is a wealthy seedman and, it is said, has a fine stable of horses. A letter to one of the members of the association told of his intention

## SKATING RINK COMPANY FORMED

To Construct Pleasure Palace  
at Tenth and Broadway

Architect O. D. Schmidt Has Nearly  
Finished Plans of Big Auditorium  
Building.

GRAND \$3,000 ORCHESTRIAN.

Incorporation papers for the Paducah Skating Rink company will be filed with the county clerk Friday or Saturday. C. W. Thompson and Hal S. Corbett, of this city, and J. D. Purcell, of Lexington, are the promoters and the company will be capitalized at from \$15,000 to \$20,000.

Architect O. D. Schmidt has nearly finished the plans for the mammoth building and it will be ready for the opening on October 1. The building will be 80 by 225 feet and the skating rink will be 60 by 200 feet. Inside the building, seats for the spectators, ante-rooms and other conveniences will take up the space not used as the rink. One-story high and built of lumber, it will be equal to any skating rink in the state, and the hard wood floor will be absolutely unsurpassed.

The most magnificent musical instrument made in one piece, the orchestrian, costing \$3,000, will be used to furnish the music in the skating rink. Eighty-seven instruments are blended in this instrument and the musical result is a triumph of harmony and sweetness. The promoters have undertaken the whole enterprise on the same scale.

Mr. C. W. Thompson said this morning that bids will be called for as soon as the plans are completed, but that the successful contractor would be required to give a bond that the building would be erected with union labor. This company owns a lot 80 feet wide and extending clear through the block, 300 feet, at Tenth street and Broadway.

When the skating rink is in operation and the promoters see their way clear, a fine auditorium will be added next summer. They believe that Paducah would welcome a first-class swimming school.

Asked if the large building would be available for social functions, conventions, dances and other large gatherings, Mr. Thompson said that the business of running a skating rink would at all times be first and that other uses of the building would be allowed only where they would not conflict with the business for which the building will be erected.

## CARBOLIC ACID AND NOT WHISKY

Illinois Central Shop Man Gets  
Hold of Wrong Bottle and  
Burns His Mouth Severely  
This Morning

TAKEN TO RAILROAD HOSPITAL.

Mistaking a bottle of carbolic acid for one, containing whisky, C. H. Hobbs, 628 South Thirteenth street, was taken to the Illinois Central hospital this morning, suffering from burns about the mouth. Hobbs, it seems, had been ill, and needing a small glass of the stimulant this morning poured out a small glass of the acid. Immediately after placing the glass to his lips Hobbs realized his mistake. After an examination at the hospital the doctors think he did not swallow any of the acid, and expect him to be out in a few days. Hobbs is a car repairer at the Illinois Central shops and popular among the men.

## TWO COLORED BOYS HELD ON SUSPICION OF GUILT.

Dennis Patterson, alias Loving, and Ernest Pryor, colored youths, are held on the nominal charge of disorderly conduct, while Detectives Moore and Baker and Patrolman Hurley, are investigating charges of housebreaking, which may be preferred against them. The boys are suspected of breaking into a number of stores on the south side, including that of Lee Hite, H. J. Foreman and R. S. Ballow.

## Child Bitten By Snake.

Sharpe, July 18.—(Special).—The six-year old daughter of Lloyd Gaben, of near here, was bitten by a poisonous snake last night at her home while asleep. Dr. O. A. Eddie-man was called and thinks the bite will not be fatal.

Little house-maid  
says now is the time  
to drive a bargain  
in furniture.

## ON AUGUST 19 CAMPAIGN OPENS

A. E. Willson and Others Will  
Speak at Maysville

Republican Campaign Committee Or-  
ganizes and Arranges Plan  
For Next Fall.

BEN BRUNER FOR THIS PART

Louisville, July 18.—August 19 is the date fixed by the Republican campaign committee, at a meeting at the Louisville hotel, for the opening of the Republican state campaign. A. E. Willson, the Republican nominee for governor, will make a speech on that day at Maysville, his native town. His speech will mark the formal opening of the campaign. He will follow it up with speeches throughout the eastern and southwestern parts of the state.

The state Republican campaign committee was organized by the selection of Col. Albert Scott chairman; A. S. Bennett, secretary, and John C. Wood, treasurer. The organization was formed at Republican headquarters in the Louisville hotel. Several of the Republican nominees were present, among them A. E. Willson, and Dr. Ben L. Bruner, Republican nominee for the office of secretary of state. Plans in general for the campaign were discussed, but aside from naming a date for opening the campaign, nothing was definitely decided upon.

**State Committee Friday.**  
A meeting of the Republican state central committee will be held in Republican headquarters at the Louisville Hotel Friday afternoon at 3:30 o'clock, and the members of the campaign committee will be present. In addition to selecting three names from which the governor is to appoint a member of the state board of election commissioners, the committee on Friday will further discuss plans for the campaign. Speakers likely will be decided upon at that time, and dates arranged for speeches to be delivered throughout the state. Among those who have been mentioned for stump work are Vice-President Fairbanks, Secretary W. H. Taft, Judge W. H. Holt, E. T. Franks, and George W. Jolly, of Owensboro; former Gov. W. O. Bradley, and John Francis Lockett, the latter of Henderson.

**Bruner to West Section.**  
Dr. Ben L. Bruner, nominee for secretary of state, likely will begin his campaign of speech-making in the western section of the state. He will not start, however, until after the opening gun has been fired at Maysville by A. E. Willson.

## GREEN TROTTER

MADE WONDERFUL SHOWING AT  
LIBERTYVILLE RACES.

Sonoma Girl and Highball, Entered  
in 2:20 Class Step Off Half in  
1 Flat.

Libertyville, Ill., July 18.—The California mare, Sonoma Girl, today won the \$5,000 stake for 2:20 trotters, defeating the great trotter Highball in straight heats. Although Highball has recently worked a mile in 2:24, the mare today had more speed than he was able to show. Highball was unsteady and acted sore.

In the first heat Sadie Fogg led to the half, Sonoma Girl at her wheel and Highball a length back. At the half, Geers commenced his drive with Highball, and moved up on Sonoma Girl, who met his rush with a terrific burst of speed. With Highball clinging at her wheel, the mare trotted the last half mile in 1:00 flat, and the last quarter in 29 seconds, a 1:56 gallop.

In the second and third heats Highball broke just after the start and Sonoma Girl led from wire to wire.

2:20 trot, \$5,000; six starters. Sonoma Girl, 1st, straight heats. Highball, second.  
Sadie Fogg, third. Time 2:06 1/2.  
2:12 trot, \$1,000; six starters. Athsaham—Straight heats. Maraja, second.  
Iceclander, third; time 2:11.  
2:11 pace; six starters. Miss Cappy—Straight heats. Richard Grattan, second.  
Pacemaker, third; time 2:09.

## HUMORS IN THE BLOOD

Coming of Warm Weather Forces Them Out,  
Causing Itching, Burning Skin Eruptions.

The blood and skin are so closely connected that whatever affects the one has a corresponding effect on the other. When the blood is pure and healthy the skin will be soft, smooth, and free from all eruptions; but when the blood becomes infected with some unhealthy humor the effect is shown by rashes, eruptions, boils and pimples, or other disgusting and annoying skin disease.

The skin is provided with countless pores and glands which act as a drainage system to rid the body of impurities through the perspiration that is constantly passing through these little tubes. There are other glands that pour out on the skin an oily substance to keep it soft and pliable, otherwise it would become hard and dry from constant exposure to wind and sun. When the blood becomes filled with humors and acids these are thrown off through the pores and glands, burning and irritating the skin and drying up the natural oils so that we have not only Acne, Eczema, Salt Rheum, etc., but such dry scaly skin eruptions as Tetter, Psoriasis and kindred troubles.

These humors find their way into the blood through a disordered or deranged condition of the system. There is a certain amount of waste or refuse matter collected in the body every day. This is useless in nourishing or keeping the system in health, and nature intends that it shall find an outlet through the channels of bodily waste. As long as these members perform their duties properly the blood remains pure and free from infection; but when from any cause they become dull and sluggish, this refuse matter is left to sour and be taken into the blood in the form of humors and poisons.

The skin is a perfect index to the blood; when we see one afflicted with a skin disease, or pimples, rashes, eruptions, blotches, etc., constantly appearing, we know that down deep in the blood a humor has taken root, and instead of supplying nourishment and strength to the fine, delicate tissues of the skin, it is pouring out its acid and unhealthy accumulations. The skin is not only affected by the humors generated within the system, but poisons from without, such as Poison Oak and Ivy, Nettle Rash, etc., as well as poisons from metals, acids, etc., enter through the open pores and glands, and so thoroughly do they take root in the blood that they are ever present, or return from year to year to annoy the sufferer.

The treatment of skin diseases with salves, washes, lotions, etc., is along the wrong line. True such treatment relieves some of the itching and discomfort, and aids in keeping the skin clean, but it does not reach the real cause of the trouble, and at best such things are only palliative and soothing.

A thorough cleansing of the blood is the only cure for humors in the blood. S. S. S., a gentle acting, safe blood purifier, made entirely of vegetable ingredients from nature's forests and fields, is the proper treatment. S. S. S. goes down into the circulation and neutralizes the acids and humors, thoroughly cleansing and purifying the blood, and curing skin diseases and affections of every kind. It supplies to the body, and rids the blood of any and all poisons. S. S. S. cures Eczema, Tetter, Acne, Psoriasis, Salt Rheum, Poison Oak and Ivy, Nettle Rash and all troubles of the skin. A special book on skin diseases and any medical advice desired furnished by our physicians without charge to all who write.

## MAINE MYSTERY REVIVED AGAIN

Was it an Accident or Was it a Conspiracy?

Accident To Warship Georgia Recalls the Beginning of Our War With Spain.

NEW VIEW IS TAKING HOLD

Washington, D. C., July 18.—The shocking explosion on the battleship Georgia has recalled the never ending topic of discussion which is a familiar one to this day with naval experts. It concerns the blowing up of the battleship Maine in the harbor of Havana in the spring of 1898. Every time there is an explosion of any magnitude on an American warship naval experts invariably hark back to the Maine and discuss that disaster in the light of recent experience. No man knows how the Maine was blown up. Probably no man ever will know.

It is just this mystery which has cast suspicion on the theory that the ship was destroyed by Spaniards and which is causing more than one man, to believe that after all the explosion of the Maine was the result of an accident, so that the incident which did so much to bring on the Spanish war may have been the result after all of natural forces and not of malice.

There is a long list of disasters on American battleships. In almost no case has there been shown gross carelessness. Electric wiring has been found deficient, powder has been exploded apparently spontaneously, boilers have "let go", and there have been a dozen different well defined causes which produced ghastly explosions. The accidents have come so steadily as to give rise to generally expressed opinion that a big battleship or cruiser stored with explosives and built for fighting rather than for mere storage is nothing more nor less than a powder magazine which may be touched off at any moment by the slightest accident or the breaking of a single link in the chain of precautionary devices.

Probably the strongest argument in favor of an accidental explosion on the Maine is the fact that at the time since then has there been the slightest clue to the man or men who are supposed to have discharged the submarine mine. If the destruction of the battleship were a thing which could be accomplished by one or two men in a few minutes failure to discover their identity after so many years would not be so peculiar. It is a fact, however, that the Maine as it floated in the harbor of Havana could not possibly have been destroyed by any one except as the result of a plot carefully arranged and requiring for its execution the service of a number of skilled men. If the ship was blown up by submarine mine and a conspiracy of a dozen men existed it is a marvel of marvels that to this day, more than nine years after the catastrophe, no one man has been named, no one man has been named, no one man has been named as to the identity of the conspirators. This is more remarkable because war intervened almost immediately after the Maine was blown up.

**BOB FITZSIMMONS KNOCKED OUT**  
Jack Johnson Stopped the Lanky Ex-Champion in Two Rounds.

Philadelphia, July 18.—Jack Johnson stopped "Bob" Fitzsimmons in the second round of a six round boxing bout last night. Fitzsimmons did not show a trace of his former prowess and it is probable that Johnson could have stopped him in the opening round if he had cared to do so. The blow that put Bob out was a light right to the jaw. The old man fell to the floor and as he made no attempt to rise the referee stopped the bout.

In the opening round Johnson tapped Fitzsimmons when and where he chose, but the latter was unable to even land his famous counters.

**AUTOISTS REACH COLUMBUS, O.**  
Fifty-Five Minutes Ahead of Schedule Time.

Columbus, O., July 18.—Fifty-eight Golden Tourists arrived in Columbus late this afternoon and evening. The tourists left Indianapolis this morning and the run to Columbus was scheduled to be made in nine hours and thirty minutes. The pilot car made the run in eight hours and twenty-five minutes. The party will start from Columbus tomorrow morning and the day's run will be to Canton.

—If this newspaper printed no ads. today there would not be nearly so many people on the streets who are in a hurry.

Young Lady—You are a wonderful master of the piano, I hear. Prof. von Spieler (hired for the occasion).—I play accompaniments sometimes. "Accompaniments to singing?" "Accompaniments to conversations."—Tattler.

WANTED—50 boys, aged from 15 to 20, at once. Mergenthaler-Horton Basket Co.

## SKIN DISEASE GERM RUN DOWN AT LAST.

Remarkable Result of Treatment With a Doctor's New Prescription.

When treating eczema and similar diseases with that mild, soothing liquid, D. D. D. Prescription, you avoid the greasiness of salves and the distress of dosing your stomach with a chemical that can have no effect whatever on the skin.

Thousands of letters from patients who have been cured show their happiness in finding a remedy that strikes at the root of skin disease—kills the germs. A few drops of D. D. D. Prescription gives instant relief. Then gradually the skin is cleansed and finally no trace of the disease is left.

"I can recommend your D. D. D. as a complete cure for skin diseases," writes Luther A. Carson, of Level Road, Ala. "It cured me in ten days."

This remedy can be had at R. W. Walker & Co., Paducah.

The first drop will take away the terrible itch. Get rid of your itch today.

## B. P. O. ELKS

OFFICIAL RETURNS OF GRAND LODGE ELECTION.

John K. Tener, of Pennsylvania, Grand Exalted Ruler—June 14 Is Flag Day.

Philadelphia, July 18.—Complete official returns of the election in the grand lodge of Elks, held yesterday, were announced today. Those elected are:

Grand exalted ruler, John K. Tener, of Charlevoix, Pa.; treasurer, Edward Leach, of New York; esteemed loyal knight, W. T. Leickie, of Do- wago, Mich.; lecturing knight, Bayard Gray, of Frankfort, Ind.; leading knight, John D. Shea, of Hartford, Conn.; secretary, Fred C. Robinson, of Dubuque, Ia.; trustees, Thomas B. Mills, of Superior, Wis.; Thomas F. McNulty, of Baltimore, and Charles C. Schmidt, of Wheeling, W. Va.

The grand lodge decided to establish a flag day for the Elks and June 14 was chosen as the day. A resolution was adopted calling for the appointment of a commission to confer with congress to find means to prevent the misuse of the Elks' emblem. The Memphis lodge was authorized to prosecute the negro Elks of that city.

In the competitive drills by the marching clubs, the Toledo, O., Cherry Pickers and the Detroit Turkish Zouaves were the stars.

And Lots of Automobiles.

## BIG SHIP CANAL OHIO TO LAKES

Would Carry Millions of Tons of Freight Annually

Charter for Concern Projecting Enterprise Granted Ready for Operations to Commence.

THROUGH OHIO FROM ERIE.

Washington, July 18.—Ships of 2,500 tons burden in the near future will be enabled to load cotton, sugar, lumber and other supplies at New Orleans, steam up the Mississippi and Ohio rivers to the Great Lakes, and return laden with wheat and ore and coal. This was made possible this week when the national government issued a charter to the Lake Erie and Ohio River Ship Canal company. The company is to build the canal by private contract, but the operation of the waterway will be under certain federal supervision.

The ship channel, as its name indicates, is to connect Lake Erie with the Ohio river. Its northern terminus, unless plans are modified or changed, is to be at Geneva-on-the-Lake, some seven miles west of Ashtabula, O. It will enter the Ohio river by utilizing the Mahoning and Beaver rivers.

The distance covered by the canal is 103 miles. The channel will be 160 feet wide and it will have a depth all the way of 14 feet. It is estimated that, once completed, the canal will have a capacity of 30,000,000 tons, of freight annually. The cost will approximate \$50,000,000, but if the earnings of foreign canals furnish any criterion it will prove a highly remunerative investment, besides being a boon to shippers and a wonderful upbuilder of the territory it traverses.

The saving this channel will effect to shippers will be enormous. On an average the cost of waterway transportation is one-sixth that by rail. At the last national convention of the National Rivers and Harbors congress, its president, Congressman Ransdell, of Louisiana, advanced some figures that showed clearly what waterway development meant, not only to the shipper but to the consumer, who in the last analysis is the one who feels the weight of heavy transportation tolls in the advanced cost of the necessities of life. Mr. Ransdell, in comparing rates, pointed to the fact that the average railroad charge is 7.6 mills per ton per mile, and said:

What Ransdell Says.

There is an immense commerce on the Ohio river, and there the freight charge is .76 of one mill per ton per mile. The tremendous commerce on the lower Ohio and the Mississippi between Louisville and New Orleans is carried at a freight charge of .67 of one mill per ton—less than one-eleventh of the railroad charge. There is a splendid commerce on the Monongahela river, and there the freight charge is less than one-eleventh of the railroad charge.

What would it amount to if in one year we could carry all our freight by water? Last year the commerce of this country, which moved by rail, was 1,309,000,000 tons. If it could have been carried by water the saving thereon would have been in one year \$850,000,000. These figures are so vast that I know they stagger credulity, but they are absolutely true and I defy any man to contradict them.

The Lake Erie and Ohio River canal will increase the business that now is teeming on the Great Lakes and the rivers of the Ohio, Missouri and Mississippi valleys. Heretofore they have had no connection, one with the other, but when linked, the volume of the country's internal commerce is certain to make some remarkable gains.

The National Rivers and Harbors congress is interested in the project, but only for the reason that it shows the gradual growth of the sentiment in favor of a return to waterway transportation. The organization is not pledged to any individual scheme of improvement, but is confining its activities to arousing the American people and congress to the necessity for expending not less than \$50,000,000 annually on this general work.

## Whooping Cough Party is Enjoyed By Sick Youngsters of Pittsburg

Pittsburg, Pa., July 18.—"Mrs. W. H. Parker, of Grand View avenue, Duquesne Heights, tendered a whooping cough lawn fete last evening at her home in honor of her son George who is suffering from the disease. Over a score of his little friends attended, all of them similarly afflicted."

This bona fide society note was sent to the newspapers here today for publication.

Prizes for the Loudest Whoopers.

Pittsburg is suffering from an epidemic of whooping cough, and every child on Duquesne Heights has the disease and many of the paps and mammas of the children have it too. The youngsters get tired remaining in the house, and as physicians declare that outdoor exercise is the best thing in the world for whooping cough, Mrs. Parker decided on the lawn fete.

The party was a whooping success. Every one present whooped, some of them until they were red in the

face. To add zest to the affair, Mrs. Parker offered prizes to the boy or girl who whooped the longest and loudest and a booby prize for the one who only wheezed.

There were many complaints when the prizes were awarded and some of the unsuccessful ones claimed that the winners had an advantage over them, as they had had the disease longer.

Medicine a Feature of Lunch.

Lunch was served to the music of barking. With the lunch Mrs. Parker served a mild mixture of the medicine which every kid on Duquesne Heights has to take about every five minutes to keep from whooping his head off. It was only by the liberal use of the mixture that some of the youngsters could eat at all.

Many of the little ones were accompanied by their mammas, who have contracted whooping cough from them, and the affair was such a big success that several of the mothers who attended are arranging to give return entertainments.

On All Right.  
Some young women in England have begun to dress out and out like men. They wear a long coat out like a hunting coat, a cap riding-breeches and top boots. It is a handsome costume and it is not immodest, but undoubtedly it attracts a good deal of attention. They have been telling in London lately a story about a girl who adopted this riding rig. Pulling up her horse she said to an artisan who was passing: "Can you tell me if this is the way to Wareham?" The man looked her over carefully. Then he touched his cap in a respectful manner and replied: "Yes, miss, yes—you seem to 'ave got 'em on all right."—Argonaut.

HAVE YOU SEEN IT

Physicians agree that Belvedere Beer is a most healthful, nourishing and sustaining beverage, richer in food values than other beers.

The Belvedere Malting Process secures all of the nutriment in the barley-grain, which the Belvedere Perfect Brewing Process transmits to the beer in predigested form.

Belvedere Beer, rich in malt and tonic properties of hops, makes an ideal drink at meals or between meals, aiding digestion and soothing nerves.

School Trustees—First ward, W. M. Karnes; Second ward, W. J. Hillis; Third ward, H. S. Wells and J. H. Garrison; Fourth ward, Dr. C. G. Warner and C. G. Kelly; Fifth ward, L. O. Walker; Sixth ward, J. C. Farley and Ed Morris.

## ANARCHY AND THE UNWRITTEN LAW.

Here's a bit of truth and wisdom well worth the consideration of those who follow the mauling sentimentality of yellow newspapers too closely.

Anarchy throughout the country shortly is to follow in the wake of the present epidemic of pleading the unwritten law; the destruction of the judicial system is at hand; justice is being snuffed at, and the country's foundation pillars are in danger of collapse, according to Prof. Herbert Lee Stetson, for many years a prominent divine and now a member of the faculty of Kalamazoo college.

Prof. Stetson, who spoke his views on the evils resulting from the so-called "higher law" to students of the University of Chicago, has great fears for the preservation of the republic. He pointed out the evils resulting from the Thaw trial and the more recent trial of Judge Loving in Virginia.

"The evils of the unwritten law are extremely serious," he said. "The unwritten law means the destruction of the judicial system if juries sworn to apply the written law disregard the instructions of the court in one class of cases. If it is possible in these cases, why is it not in others?"

"The jury system is shaken to its foundations. The unswerving fidelity of jurors to their oaths is our greatest safeguard. If the jury plays fast or loose with the law laid down by the legislatures and interpreted by the court, the administration of the law is greatly weakened. This

brings a decay of the respect for the courts.

"People are smiling at the farces acted too often in court. The old reverence for the jury system is being destroyed, while the administration of criminal law falls under suspicion. This condition leads to anarchy. There is no safety for any one if the unwritten law can be substituted for the written law."

## EDITORIAL.)

Graves county farmers appear determined to ascertain all the facts in connection with the road funds of that county. It may be good for the fund, for the county officials and for the farmers. The men, who are investigating, and the men who are paying for the investigation, will thus be led to study the road problem as they never have before. McCracken county people are interested in the good roads question, too. There will be a big convention here to discuss that question next October, and the movement may be given a wonderful impetus in western Kentucky.

There are no exceptions to the rule that lawlessness beget lawlessness.

## JOURNALISTS AND NEWSPAPER-MEN.

In his speech at Yale, touching the press, Secretary Taft gave voice to a popular fallacy, that the influence of the press is waning. This fallacy is based on the idea that today there are not half a dozen editorial writers whose names are known to fame.

There are many reasons why this personal sort of journalism should no longer prevail. It is not sufficient to say that the papers are not as good as those of the olden time, for the veriest rural sheet contains more, better and fresher news. One reason is that the prime function of a newspaper is to furnish the news. In the fierce competition to excel in this department, great newspapers have called out their reserve resources to strengthen this department, and the tendency has so changed the nature and policy of city dailies, that there has been a decline of purely literary endeavor on the editorial page, marked by the ascendancy of the "news-paper style" in the news columns.

The news is actually written in many great city dailies better than the editorials; while they are adopting the policy of featuring special articles of editorial character, written by correspondents with roving commissions.

It is, perhaps, true that the obscuring of the editorial name, has deprived the newspapers of that character of following that used to take all its views from its favorite editor, and in so far has lessened its influence on a clear cut, well defined number of disciples, who might be counted on at all times to accept its opinions; but, on the other hand, the veriest police reporter yields a more far-reaching, though subtle and unnoticeable influence, than did any of those great writers.

The times have changed and the people and newspapers with them. The editorials of today are devoted much to local and municipal problems. Cities have increased in importance, the individual is asserting himself. It is right that newspapers should address themselves to problems, which materially and directly affect their readers, rather than deal with abstractions and abstractions. For instance, as long as we maintain our institutions in the spirit of the constitution and remain true to the fundamental principles on which our government was founded; it is of more vital importance to the people of Paducah that proper drainage for surface accumulations be afforded and sewer connections be made, than that they should witness a strict or loose construction of the constitution. It would matter little to those Paducahans who might succumb to an epidemic, caused by bad drainage, whether or not the constitution was construed at all.

Journalism has seen its day. This is the era of the newspaper. There is little glory in the moulding of public opinion today, but a vast deal of satisfaction. Once the editorial writer aimed at least for the beauty of his diction. The editor of today makes himself of "no reputation." Today the writer aims at results, and accomplishes them without attracting attention to himself. The real power in the newspaper field today is the news writer, who is out and sees things, and writes them with a vividness and knowledge that outshines anything the old school ever did. The editor is an executive, directing policies, and giving voice in public affairs in a manner little dreamed of once.

## THE JOKESMITH.

Not For Her.

She didn't have the face to do it—Leslie's Weekly.

The clock gets there hand over her hand.

## IN THE COURTS

## In Police Court.

Drunk—Ed Farris, \$1; Will Enderbrook, \$1.

Breach of peace—Will Robertson, \$10.

Bawdy house—Winnie Howell, July 19.

Pettit larceny—Bob Wright, held under bond of \$100.

Malignant cutting—Jake Cottner, held under bond of \$500.

Disorderly conduct—Ernest Allen, July 19; Dale Cherry, \$10.

Fugitive—James Walker, turned over to Tennessee.

## Marriage Licenses.

Cornelius Ratzlaff to Minnie Johnson.

## Circuit Court.

Nellie Wells sues Carl Wells for absolute divorce alleging abandonment. They were married in 1900 and separated in 1906.

## MRS. POTTER PALMER TO SUE FOR FALSE ENGAGEMENT TALK.

London, July 18.—Mrs. Potter Palmer is so thoroughly annoyed at the constant reports that she is going to marry some one that she is determined to take drastic steps to prevent English papers, at least, from reprinting such stories originating in America.

Through her solicitors she has served notice on the English newspapers that should they print any unauthorized report concerning her she will commence suit against them at once.

## FRISCO SUPERVISORS.

Edward R. Taylor, Physician and Lawyer, Dean of 2 Universities.

San Francisco, Cal., July 18.—Edward R. Taylor, physician and lawyer, dean of the Hastings Law college, and of the University of California, was elected mayor of San Francisco last night by the board of supervisors, and by the open avowal of the bribery graft prosecution the so-called "reign of the big stick" came to an end.

## OUIDA, DYING, REFUSES AID.

In Need of Medical Care She Denies Self to Visitors.

London, July 18.—The Milan correspondent of the Tribune says that Miss Louise de la Ramée (Ouida), whose poverty was recently told of in these dispatches, is dying at Massena.

She needs medical care, but refuses it or any comfort. She will not see visitors.

GENTS' FURNISHINGS TO MEN AND BOYS

## HAYWOOD TRIAL REACHES CLIMAX

Boise, July 18.—A crisis was reached in the Haywood case, Attorneys for the prosecution and defense are fighting today for the preservation of the record of evidence, on which a verdict will largely depend. The prosecution is doing its best to keep before the jury, testimony designed to connect Haywood with the deeds of violence to which Orchard confessed. Final arguments begin tomorrow and continue till Wednesday or Thursday.

The defense rested today in the Haywood case.

## BRYAN ANXIOUS FOR TAFT TO BREAK SILENCE.

Tulsa, I. T., July 18.—At a banquet at the Brady Hotel preceding a lecture at the Tulsa Chautauqua, Wm. T. Bryan spoke at length on the political situation in general. He opened his speech by referring with praise to the proposed constitution of the new state. He expressed himself as confident it is acceptable to all the people in its amended form.

In referring to Secretary Taft, whom Bryan considers the logical Republican presidential candidate, and who is to speak in Tulsa at the state Republican convention said:

"I am very anxious to hear an expression from Secretary Taft on the great questions confronting the American people today, and on which most Republicans are singularly silent. I want to know where he stands on the Philippine question, what is his position on the railroad regulation, does he favor an income tax as does President Roosevelt, does he believe in government by injunction and what is his position on the labor question. Mr. Taft should take the people into his confidence on these great questions, as they have a right to know where he stands, if he is to be a candidate for president."

## JAPANESE FOUND NOT SPIES.

Two Men Detained at San Francisco Are Released.

Washington, July 18.—The two Japanese detained at San Francisco on the belief that they were spying into the secrets of the fortifications at that port have been released, the officials having been convinced of their innocence.

In the first case, the Japanese detained at the direction of the officer at Fort Rosecrans was acting in a suspicious manner near a prominent part of the fortifications. He had in his possession a memorandum pad, but an examination revealed the fact that there were not any notations on it.

In the second instance of reported arrest the act occurred at the Mare Island navy yard and not at Fort Rosecrans. In this case the Japanese was found examining the power house and was escorted out of the yard.

## FIT MAN TO SEVERED FINGER.

Columbus, O., July 18.—Oscar Bingham was roused last night by a burglar trying to get into his house. He fired a shot through the front door and the intruder fled. This morning the forefinger of a man was picked up on the porch and later identified as that of John Kelch, a negro, who has been arrested.

## Chopping Up Great Diamonds.

"Until recently it never occurred to anyone to imagine that diamonds might be found so large as to be practically useless, and therefore requiring to be cut up into relatively small pieces in order to render them marketable. Nevertheless, this very thing has come to pass," says a jeweler, "and within the last few months the second biggest gem of this kind ever discovered has been chopped into fragments, the process reducing its apparent value by at least \$1,000,000, but making it salable. Its only superior in point of size, the greatest diamond ever known, valued at \$45,000,000, is soon, it is announced, to meet a similar fate.

"The stone which has already been chopped up is the famous Excelsior diamond, which up to the year 1905, held rank as the biggest diamond ever found. Now the famous Premier diamond is to suffer a like fate. This stone, which was found at the Premier mine in the Transvaal, weighs a little over one pound three ounces and measures four and one-half inches in length, two and one-half inches in thickness and one and one-half inches in breadth. It was sent to England by ordinary registered post, but was insured for \$1,250,000. This sum, however, did not represent anything like its value which, estimated by Tavernier's rule, is about \$45,000,000.

"It is obvious that no private individual would pay one-twentieth part of such a sum for any diamond, and in these days governments are not squandering money on crown jewels. Consequently, the problem of disposing of the gigantic gem, which still remains in the hands of its original owners, is extremely puzzling. However, they have now decided to chop it into pieces, and thus the most remarkable of all mineral curiosities appears to be destined to speedy destruction. But whereas the Excelsior yielded ten cut stones of 14 to 68 karats, the Premier, as it is called, ought to afford several of the largest cut diamonds in existence, which together would fetch at least \$2,500,000."

## OUR OUTING SUITS

If you have just decided to take a vacation, and take it right off—or the weather is forcing you to be good to yourself, we're at your service any day.

Getting ready and getting back are half the pleasure of a summer outing.

However, if you are in need of a feather-weight serge, flannel or homespun suit, you'll find here a splendid variety.

Coats half or quarter lined. Trousers with belt loops—suspender buttons on inside of waist band.

Suits at.....\$10 \$15 \$20  
Separate Trousers.....\$3 to \$6

Our Toggery Department is full of all sorts of summer "fixins" to complete your outfit.

## FRANTZ WILL OPEN HIS CAMPAIGN AT ADA, I. T.

Guthrie, Okla., July 18.—Governor Frantz will open his campaign for the Republican nomination for the state's first governor at Ada, I. T., next Saturday, where he will outline his campaign policy. Out of a total of 1576 delegates to the state convention, and with about 20 counties yet to hold conventions, Governor Frantz's managers are claiming a total of over 800 delegates now instructed for him, thus giving him a clinch on the nomination. The statement is made today that Frantz will favor the selection of James Cottingham of Guthrie as chairman of the Republican state committee.

## FOUR DROWN.

Tunnelton, W. Va., July 18.—Four lives were lost in a flood yesterday. Claude Wolfe was drowned at Evansville, Mrs. Marcellus Bolyard and two children in Buffalo creek.

## HEARST ELECTION CONTEST.

For New York Mayoralty Gets Another Setback.

New York, July 18.—Justice Ingraham, in the appellate division of the supreme court, today announced that the court had unanimously decided that the recount law, which provides for a recount of the ballots cast in the last mayoralty election in New York, is unconstitutional.

## WHEN You Want Any Printing You Usually Want it at Once

### THE Sun Job Rooms

Phone 358-A

Does all kinds of printing

We have the men who know how to do your work just as it should be done, and we make an effort all the times to give you just what you want. Let us figure with you the next time you need any printing—probably we can save you some money. We know we can give you satisfactory work, and give it to you promptly.

## PREDICT NO HAYWOOD VERDICT

Eugene V. Debs Believes Jury Will Not Reach an Agreement.

Terre Haute, Ind., July 18.—Eugene V. Debs, who is home for an intermission in his Chautauqua dates and who has been in the far west for several weeks attending the Western Federation of Miners' convention, among other engagements, says he believes the Haywood jury will disagree. In such an event he says it is not likely there will be a second trial. He comments on the absence of skilled workmen from the jury: That the Socialists will make use of a failure to convict there is no doubt. Some weeks ago Debs went on record in favor of Haywood for the Socialist nomination for president next year.

## Trouble On Street Car.

While street car, No. 95, was en route to Wallace park last night at 8:30 o'clock in charge of Motorman Clay Mitchell and Conductor W. T. Whelan, H. Duiguid, a passenger, had trouble over the payment of a fare and in the discussion Duiguid, it is charged, drew a knife on the conductor and chased him over the car. One slit was cut in the right sleeve of the conductor's coat. When the man, it is alleged, tried to push the conductor off the car the conductor returned the blow with interest.

## Ten More Deaths.

Pittsburg, July 18.—Ten fatalities due to the intense humidity and an oppressive heat wave occurred here today making over a score of deaths within the past 36 hours. Many persons were also prostrated, and their condition is serious. The suffering in the mills and manufacturing districts is worse than has been experienced for many years.

## Kentucky Patents.

Washington, July 18.—Patents issued: Gardner L. Blair, Redwine, combination tool; Adin S. Botkin, Muir, tobacco rack; Wm. Boyer Reynolds, Station, planter; Aaron F. Elsey, Bardwell, wire fence; Alton Koontz, Vermillion, boring tool; Alfred Oldham, Louisville, powder can top; James L. Scott, Lair, pajamas; George L. Traxwell, Maysville, hydrant.

Wed at Metropolis, Metropolis, Ill., July 18.—(Special)

—Have The Sun mailed to you or any of your friends going away for the summer. The address will be changed as often as desired, and the rate is only 25c a month.  
—Place your orders for wedding invitations at home. The Sun is showing as great an assortment as you will find anywhere, at prices much lower than you will have to pay elsewhere.

—Mitchell Harvey, whose legs were crushed by a freight car at Covington, Tenn., last week, is recovering and may regain the use of his limbs. Amputation is now considered not necessary.

**IMPORTED PHONOGRAPH  
\$3.75**  
Clear and Sweet as the Human Voice

Good music is now possible in the humblest home, for we have an imported phonograph for \$3.75 which we guarantee to give satisfaction. The tone is loud and clear and as sweet as the human voice. The instrument is well made and has no delicate parts to break or get out of order. Come in and hear it and see if the music is not as good as you have ever heard from a phonograph costing ten times the price. It plays any standard Edison or Columbia record, and we have over two hundred of the latest band pieces and song hits of the day.

**NOAH'S ARK  
VARIETY STORE**  
319 Broadway.

### PEOPLE AND SOCIAL EVENTS

**Sheriff's Sale.**  
Hume Ogilvie, deputy sheriff, sold to Thomas Boyle, the grocery, saloon, horse and buggy, of J. D. Overstreet, on North Eighth street, under foreclosure proceedings instituted by the Paducah Brewery company to make the amount of a note.

**Pace-Young Nuptials.**  
The marriage of Miss Nettie Pace and Mr. Clyde Young took place last night at the bride's home near Eppe-son in the presence of many friends. It was a white and blue wedding and was a charming spectacle. The bride was gowned in white and the maid of honor, Myrtle Finley, was dressed in blue. Mr. Charles Gilliam was the best man. Owing to the large number of friends and the warmth of the evening the ceremony was on the front porch under an arch just over the door. The lawn was decorated with lanterns and the colors of blue and white were carried out in all of the decorations. After the ceremony a reception was given the couple at the bride's home. Many people from Paducah were present. Miss Vera Smith played the wedding march, and the Rev. P. H. Fields performed the ceremony. The couple will be at home to their friends at 1935 Broad street in a few days.

**In Honor of Birthday.**  
In honor of the tenth birthday of Miss Louise Phillips a birthday party was given at her residence, 500 Harahan boulevard. The house was prettily decorated with pink and green. After games and other happy diversions the little host served the guest with dainty refreshments. Those present were: Misses Kathleen McMahon, Bernice Schmidt, Gertrude Grouse, Lucille Roberts, Mary Anderson, Helen Bean, Viola Merrigold, Mollie Gardner, Dorothy Dalton, Elizabeth Jones, Gertrude Denker, Mary Smith, Anna Smith, Margaret Beadles, Louise Beadles and Ida Sloan; Masters Clyde Randall, William Hills, William Phillips, Lawrence Burnham, Mark Smith, Carl Denker, Terrence Gardner, Harry Dalton.

**Trip to Cairo.**  
Complimentary to Miss Nell Jennings, of Louisville, the guest of Miss Mary B. Jennings, and Miss Salde McGinnis, of Danville, the guest of Miss Lucyette Soule, a pleasure party to Cairo was given on the steam-er Dick Fowler this morning. In the party were: C. E. Jennings, Mrs. William Marble, and Mrs. Joe Bon- durant, chaperons; Misses Nell Jennings, Louisville; Salde McGinnis, Danville; Mary B. Jennings, Lucyette Soule, Salde Smith, Mary Cave, Ellen Boswell, Mary Bonduant, El- len Van Meter; Julia Dabney, Eliza- beth Boswell, and Messrs. Jim Mc- Ginnis, Ben Griffith, Edward Cave, Edwin Randle and Will Reddick.

**In Honor of Sister.**  
Mr. and Mrs. W. E. Smith enter- tained in honor of their sister, Miss Rebekah Williamson, at their home, 515 Harahan boulevard, last night. Those present were: Misses Jessie Gott, Mamie Heath, Katy Maynard, Mabel Eppelheimer, Bessie Weitlauf, Louise Weitlauf, Mary Emma Bolds, Minnie Thixton, Nell Johnson, Alma Adams, Rebekah Williamson, Nell Hotchkiss, Roxie Cross, Geary John- son, Otis Lassiter, Claud Eppel- himer, George McFadden Cecil Ro- bertson, Rudy King, Robert Yancy, Arthur Imire, Will Thomas, Clarence Robertson, Ethus Lassiter, Roy Tem- pletton, Ernest Roark, Will Dunbar, Albert Henson, Joe Gourieux, John Rooks, Mr. and Mrs. Dalton Vosier.

**Jolly Boating Party.**  
Cairo was the destination of an- other pleasure party on the Dick Fowler this morning. They will re- turn this evening on the boat. Dan- cing, cards and other amusements on the boat and trolley rides in Cairo will make the trip delightful. In the party were: Mrs. Z. H. Bryant, Mrs. J. E. Potter, Mrs. H. G. Thompson, Mrs. Harry Fisher, Mrs. Taylor Fisher, Mrs. John Schantz and Miss Rosa Schatz.

**Married Yesterday Afternoon.**  
Miss Mollie Sheehan, of Cairo, and Mr. John Culp, of Mound City, Ill., were married yesterday afternoon at

2:30 o'clock at the parsonage of the Rev. H. W. Jansen, of South Sixth street. The only attendants at the wedding were Messrs. Will Burch, Jack Williams and Watch Harvey. The bride comes from one of the wealthiest and best families in Cairo and is a popular young woman. Mr. Culp is a lumber inspector for a large firm at Mound City and is a rising young business man on whom his employers place much trust. This morning the bride and groom left for Dawson Springs to remain a week and will then return to Mound City, where they will make their home.

**Mr. and Mrs. Sam Howell and chil- dren, Dexter and Jessie, left today for Trezevant, Tenn., to visit friends and relatives. Patrolman Howell will return Monday, but Mrs. Howell will remain several weeks.**  
Mrs. Bettie Walker, of Charleston, Mo., went to Birmingham this morning after a visit to her daughter.  
Dr. R. E. Hearne went to Nash- ville this morning to rest and recu- perate.

Miss Lala Manson, 233 South Sixth street, left this morning for Murray, where she will be the official sten- ographer at court.

Mrs. C. Keith, of Silkeston, Mo., and daughter, Gertrude, went to Stiles this morning after visiting Mrs. Alex Venter, 506 Ohio street.

Mrs. M. E. Stephen and daughter, Ruth, went to Cedar Bluff this morning to visit after being the guest of Mrs. R. W. Francis, 728 South Six- teenth street.

Mrs. E. C. Copeland and children, Vada, Vylian and Van, left this morning for Benton to visit Mrs. Copeland's brother.

Mrs. E. C. Copeland went to Daw- son Springs this morning for a short stay.

Mr. J. H. Root returned to his home in Princeton today after a visit to friends here.

Mr. T. B. Finley and family, of 1108 Jackson street, will leave Satur- day for Marion and Crittenden Springs for a two weeks' visit to friends.

Miss Beulah Rogers and Miss Erma Reitz left today for a visit to friends in Evansville.

Mr. and Mrs. W. D. Sanders, of Columbus, Miss., arrived today to visit Mr. Sanders' parents, Dr. and Mrs. W. H. Sanders, of Arcadia.

Miss Anna Sands returned to her home in Memphis today after a visit to Mr. and Mrs. A. T. Sands, 1102 South Eleventh street.

Mrs. Joe A. Miller and daughters Joe and Bernice, and Miss Nell Thompson left today for Dixon Springs.

Mrs. Kathleen Morris, of Fulton, arrived today to visit the Misses Calles, 383 Madison street.

Miss Neoma Dennis and Misses Beulah and Leona Clingan left today for Louisville to reside.

Mrs. B. J. Priestler and daughter, Audrey Alice, 111 South Seventh street, left today for Newport News, the Jamestown exposition, Washing- ton, Niagara Falls and other cities and health resorts in the east on a two months' trip.

Dr. Vernon Blythe and Mrs. Blythe have returned from a visit to Hickman.

Mr. and Mrs. James Webley, of Louisville, will return home tomorrow after visiting Dr. and Mrs. S. Z. Holland, of Grahamville.

**FULTON SENSATION.**  
Laban Burton Threatens Eugene Gor- don—Family Trouble.

Fulton, Ky., July 18.—Last night as Eugene Gordon was sitting in Milner's furnishing store talking to friends, says the Leader, Laban Bur- ton came in and walking up to Gor- don abused him roundly, and in the course of his remarks warned him to leave town and told him if he ap- peared on the streets of Fulton today he would kill him. Burton said he had made Gordon leave town once before. A few days ago Mr. and Mrs. Burton became estranged. Both were raised here and have a wide acquaintance throughout the state. Mrs. Burton was Miss Mattie Morris before her marriage and has always been popu- lar in local society circles. Mr. Bur- ton is well known in business circles and is connected with the J. T. Bur- ton Milling company.

**Mother Takes Up for Son.**  
Georgia Long and Ross Thomas engaged in a more or less friendly scuffle in the house where the Long woman stays, near Sixth and Flour- wright streets last night, and Ross re- ceived a scratch from a pen knife on his forearm and a deep wound in his knee. Ross' mother heard of it this morning and went to the house. Her name is Henrietta Thomas and she and the Long woman had some diffi- culty. Patrolmen Moore and Prince took the party to the police headquar- ters, using two single rigs and a covered hack to effect their transpor- tation. All were charged with breach of the peace and recognized to appear in police court tomorrow morning.

**Baseball Game.**  
The "I. C. Centrals" baseball team will play the Cotton Blossoms "Sun- day morning on the "I. C. Centrals" diamond in Mechanicsburg. The bat- tles for the "Centrals" will be Coun- cil and Jenkins; and for the "Cotton Blossoms" Johnson and Burton. Both are strong amateur teams and a fast and interesting game is expected.

**—A little dog belonging to the family of Joseph Neibel, 1343 South Ninth street, went mad this morning and was killed.**

**WANTED—50 boys, aged from 15 to 20, at once. Mergenthaler-Horton Basket Co.**

**It's unwise to carry a far-fetched joke too far.**

M. Worten.

WOULD YOU LIKE TO KNOW WHAT IT IS?

**CAB OWNERS MAY TRY ORDINANCE ONCE MORE**  
Hack owners, since the defeat of the ordinance fixing the rates of car- riages for funerals and weddings at \$5 instead of \$2.50, as a whole have not decided upon what action they will take yet. Some owners would like to test the validity of the present ordinance, but one cab operator stated this morning that he was in favor of having another ordinance, a duplicate of the one defeated, put before the boards, as it had one pas- sage and attributes its defeat to no one being there to explain the ordi- nance to the councilmen.

## RAILROAD NOTES

Piping is being extended to the paint room of the Illinois Central shops, so as the employees may have hot water to wash the paint from their hands. Several months ago the paint department was moved and this is the first opportunity had to extend the piping. When completed it will be a great convenience to the workmen.

Mr. J. A. Dickey, who had a narrow escape from death Monday by electrocution at the turn table of the Illinois Central, is able to be out, but has not returned to work.

Yesterday was a big day in the freight department of the Illinois Central and the yards are clear of many cars, today that hindered the shipping. A. H. Egan, superintendent of the Louisville division, is in the city and yesterday he had cars going in all directions. Train No. 184, left in seven sections and trains 186 and 154 left in two sections. The yards were becoming uncomfortably crowded and drastic means were resorted to to relieve the situation.

James Craig, a tank repairer at the Illinois shops, mashed his right forefinger yesterday and is not on duty today.

Mr. James Markee, a tank worker at the Illinois Central shops, was ill today and not at work.

Mr. J. I. Parel, traveling chairman of the locomotive firemen, is in the city on business connected with the organization. He came from Fort Dodge, Ia., and while in the city is the guest of Col. John Trantham, 713 South Tenth street.

### Pattern Department.

Switching cars on one of the repair car tracks yesterday afternoon resulted in the narrow escape of the wall of the pattern making department of the Illinois Central shop from being knocked in. About 4:30 o'clock a string of cars was pushed within six inches of the wall before it was stopped, and after the escape twenty minutes after another string missed the wall by only a few feet. Less than a year ago the wall was knocked down by cars running into it and many patterns were damaged or destroyed. By the rush of work the pattern makers were busy and knew nothing of their danger until the cars had been stopped. Last year

### YOU WILL LIKE IT

when the wall fell they happened to be out, but many of their tools were damaged. Bumping posts are needed in front of the wall so as to check the cars, and no doubt the officials will see they are placed there immediately.

### I. C. Meeting.

New York, July 18.—The directors of the Illinois Central Railroad company declared a regular semi-annual dividend of 3 1-2 per cent. No action was taken in the election of a director to succeed John C. Welling. E. H. Harriman was asked as he left the offices of the company whether there had been any break between himself and President Harahan.

"No. Why should there be? It is too ridiculous to talk about," was his reply.

Mr. Harriman was asked whether the successor to Mr. Welling in the board would be a representative of Mr. Fish, or himself, to which he replied: "I have nothing to say about that."

Governor Charles S. Deneen, of Illinois, who is an ex-officio member of the board, was not present. Stuyvesant Fish, former President of the company, attended the meeting.

It was said that the election of a successor to Mr. Welling was postponed 60 July 25, because of the absence of some of the directors.

## FELL FROM SEAT

FLUSH TANK DRIVER TUMBLES TO BROADWAY PAVING.

Thomas Sharp Not Seriously Injured When He Was Overcome With Heat Last Night.

Overcome with heat, while driving a city flush tank at Second street and Broadway last night at 8 o'clock, Thomas Sharp, of 220 South Fourth street, fell off the seat, 12 feet from the ground, and alighted in a heap on the brick paving. He was taken in charge of by Patrolman Cross and laid on a market house bench, afterwards being carried to his home in the patrol wagon. He is resting well today, and suffered no serious injury from his fall.

## RIVER NEWS

### River Stages.

Calo	25.5	0.1	rise
Chattanooga	6.2	0.1	fall
Cincinnati	19.3	1.2	fall
Evansville	14.7	0.0	rise
Florence—Missing			
Johnsonville	5.4	0.0	rise
Louisville—Missing			
Mt. Carmel	8.2	0.4	fall
Nashville	8.2	0.3	fall
Pittsburg	9.5	6.7	rise
St. Louis	24.1	1.5	rise
Mt. Vernon	13.7	0.9	rise
Paducah	13.2	0.7	rise

St. Louis packets are paying rousters \$100 a month and give a bonus of 1 cent for every sack of wheat carried. As these packets sometimes carry 10,000 sacks in one trip, it is apparent that labor comes high in St. Louis. Some of the packets have said they would quit the business before they would pay the price demanded by the rousters, and as the profits on carrying wheat are not excessive for the boats, it is likely that they could do so to their advantage.

Hot weather may be said to be the cause of the labor scarcity rather than a shortage of men. The work undeniably is hard, under the best conditions and in a temperature of 100 it is worse. The rousters can make enough "beer" money in a week or so and lay off for the rest of the month.

The Fannie Wallace will be ready to push coal barges for the West Kentucky Coal company Saturday afternoon several days' lay-off for repairs to the furnaces.

The Georgia Leo will arrive this afternoon from Memphis and take on Paducah round-trippers for Cincinnati.

The Kentucky will arrive tonight from the Tennessee river and lay over until Saturday before returning to that stream.

Ayer-Lord tie barges will be repaired next at the ways. The St. Joseph will be off Friday evening or Saturday morning, but will be several days longer getting repairs to the engine room.

The Martha Hennon was called this morning to be ready to go out when needed, and to sink the boat low in the water to keep the scorching sun from drying up the seams.

Two Paducah pleasure parties to Cairo left on the Dick Fowler this morning. Cairo sees more pretty girls from Paducah on these trips than it ever dreamed of in its philosophy.

It will be late tonight before the John Hopkins will arrive from Evansville as yesterday that packet was 24 hours off schedule from a scarcity of labor.

Buck Sible fell off the dry docks into the river yesterday afternoon, but was hauled out with no more damage than a ducking, which he says was agreeable in the hot sun. He was telling the boys a yarn when his gesticulations became so violent that he tumbled overboard.

The J. B. Finley passed up from the Mississippi river yesterday with empties for the upper end of the Ohio river.

The river rose .7 since yesterday, here, bringing the stage to 13.2. Same date last year the stage was 7.3.

The Harth will arrive from Caseyville today with coal.

## QUEEN VICTORIA'S HAIR.

Its Great Profusion Was Always a Cause of Wonder.

Even at the age of 80 years, Queen Victoria's hair was a marvel of luxuriance. The court physician following Prof. Anna's discovery, undoubtedly treated her majesty's scalp with a germ destroying preparation, that was not made public. It is now known, however, that the remedy for dandruff, the germ destroying element, is embodied in Newbro's Herpetide, the only hair preparation on the market that does destroy the dandruff germ. Without dandruff, hair will grow profusely, and falling hair will be stopped. "Destroy the cause, you remove the effect." Sold by leading druggists. Two sizes, 50c and \$1. Send 10c in stamps for sample to The Herpetide Co., Detroit Mich. W. B. McPherson, Special Agent.

### Jap Ambassador Recalled.

Berlin, July 18.—Katsunoske Inouye, the ambassador of Japan to the German empire, has been recalled. The reasons for this action are not given. It is reported, however, that he is to be promoted to membership on the committee of elder statesmen of Japan.

## BROADWAY FIRE

DID DAMAGE TO THE EXTENT OF \$600 TO WHITEHEAD'S.

Coals Falling From Store in the Kitchen Started Blaze That Was Quickly Discovered.

Fire, supposed to have originated from coals falling out of the kitchen stove, set fire to the Whitehead's restaurant, 215 Broadway, at 9 o'clock last night; but timely discovery and prompt response from the fire department, served to quickly extinguish the blaze with a loss of \$600 to the building and restaurant, covered with insurance. The restaurant closed at 8 o'clock last night. Harry M. Dalton's tailoring establishment on the second floor was slightly damaged by smoke and water. The building is owned by Mrs. Lou Herring and Miss Lena Henneberger.

—This should be the greatest year for your store's growth—if it's the greatest year for your store-advertising.

## Imported Fruits and Nuts.

Washington, July 16.—Fruits and nuts of domestic production are supplying a rapidly increasing share of American consumption of those classes of commodities, and in certain articles, notably raisins, prunes and oranges, the home product has practically excluded that of foreign origin. A compilation recently made by the bureau of statistics of the department of commerce and labor strikingly illustrates the improved position of the United States during the past twenty years in regard to its ability to supply home demand for fruits and nuts.

Twenty years ago the importations of fruits and nuts amounted in value to 20-23 million dollars, while domestic exportations thereof were but 2-3 millions; purchases of the foreign product being thus over seven times as much as sales to foreign countries. In the fiscal year just ended importations were about 35 millions and exportations 17-14 millions. American sales abroad of home produced fruits and nuts being thus practically one-half as much as purchases of the foreign product. In the period from 1887 to 1907 imports of fruits and nuts have increased but 80 per cent, while exports of the domestic product have increased about 540 per cent.

A closer analysis of the figures under consideration develops the fact that the growth of importations of fruits and nuts has been confined to a few lines in which local production has not been sufficient to meet home consumption, such as bananas, figs and other preserved fruits, walnuts, coconuts and almonds. Nearly all other articles show decreased importations during the period under review. Bananas have advanced from 2-2.3 million dollars in 1887 to approximately 12 million dollars in 1907; figs and preserved fruits from 1-1.4 millions to nearly 4 millions; coconuts, from 819 thousand dollars to 1-1.3 millions; almonds, from less than 600 thousand dollars to about 2-1.3 millions; and all other nuts, (chiefly walnuts), from a little less than 700 thousand dollars to practically 6 million dollars, of which latter sum fully 3 million dollars represented the value of walnuts imported. On the other hand, importations of oranges have decreased from a little less than 2-1.2 million dollars in 1887 to 400 thousand in 1907; raisins, from 2-1.4 million dollars to less than 400 thousand dollars; and prunes, from practically 3 million dollars to less than 50 thousand dollars; while lemons have remained practically stationary at 4 million dollars during the 20 year period, the figures indicating in each case that the greatly enlarged consumption since 1887 has been fully met by domestic production.

The growth in exports of domestic fruits extends to practically every class enumerated in the schedules of our foreign trade. In 1887 apples was the only item whose exports exceeded one million dollars, the value of this commodity (\$1, more than one-half of the annual sales abroad. In the year just ended the items whose exports exceeded each one million dollars included dried apples, apples green or ripe, preserved fruits, oranges, prunes and other fruits, included in which may be mentioned peaches and pears to the value of 900 thousand dollars, raisins 600 thousand, and miscellaneous fruits over 2 million dollars. Meantime nuts have made their appearance in the list of exported articles, and for the fiscal year 1907 their total was about \$400,000, three-fourths of which was peanuts. Exports of dried apples grew from \$13,363 in 1887 to about \$2,100,000 in 1907; apples, green or ripe, from \$1,382,872 to \$4,700,000; preserved fruits, from \$536,283 to \$1,700,000; and all other fruits, not separately classified in 1887, from \$327,447 in that year to \$7,300,000 in 1907.

The changed position of the United States in relation to its dependence upon foreign countries for fruits is clearly illustrated by a comparison of the imports and exports of certain representative commodities.

Of oranges the United States imported in 1887 practically 2-1.4 million dollars worth, while the exports, if any, were not of sufficient importance to warrant separate enumeration. In 1907 imports had decreased to \$400,000 and exports had increased to \$1,300,000. Prunes in 1887 were imported to the value of \$2,995,648, while exports were nil; in 1907 imports were less than \$50,000, while exports had risen to \$2,400,000. Raisins in 1887 showed a net exportation of over a half million dollars.

Of foreign grown fruits consumed in the United States, bananas supply fully one-third of the total. Of the year's importations of bananas aggregating nearly 12 million dollars, Central America (chiefly Costa Rica, Honduras and Panama) supplied about 6 million dollars, the British West Indies about 4-1.2 million dollars and Cuba considerably over 1 million dollars. Italy is the almost exclusive source of supply for the lemons imported into the United States from year to year. Imported currants are chiefly of the Xante variety, produced in Greece. Twenty years ago the United States was importing over 2 million dollars' worth of raisins annually, chiefly from Spain, but the entire importations in 1907 were less than half a million dollars. In 1887 Italy contributed nearly 2 million dollars' worth of oranges to the markets of the United States, the British West Indies, Spain, and Cuba together supplying an additional half million dollars' worth; but in the year just ended the entire imports were but 400 thousand dollars, of which Italy supplied about one-third.

Of imported lemons Italy is still the chief source of supply, having contributed practically all of the 4 million dollars' worth imported, but showing no substantial gain over her figures of 1887. Preserved fruits imported come chiefly from Spain, with considerable quantities also from France, Cuba, Greece, Italy and the United Kingdom. Imported figs come chiefly from Turkey in Asia, grapes from Spain, walnuts from France, almonds from Spain, Italy and France, and coconuts from Colombia, Cuba, British West Indies and Central America.

American dried apples go chiefly to Germany and other European countries, ripe apples to the United Kingdom and Germany, oranges mostly to Canada, pears chiefly to the United Kingdom, prunes to Germany, the United Kingdom and Canada, raisins mostly to Canada and Australia, preserved fruits to the United Kingdom and peanuts chiefly to Canada and the Netherlands.

?

### The Law's Delay.

The lamentable tendency in this country to delay legal proceedings where murder is concerned is an old and familiar theme, but must be discussed until reform comes. Laxity tends to lessen fear of the man who meditates murder and lessens the impressiveness of the lesson, if tardy punishment is inflicted. There is reason to think that juries are becoming indifferent to the full performance of the duty which they are sworn to perform. Swift, sure justice and a restoration of the true dignity of the law would render murder a much less popular habit or exercise.—Detroit Free Press.

The floating population of the world is 1,200,000. This means the people who follow the sea.

## WHY NOT JOIN THE

## Income Extension SOCIETY?

Your salary, wages, fees, commissions—no matter in what guise your income reaches you—should not entirely "satisfy" you. You should be alert to "piece it out", to extend it. For that is merely "making the most of it."

"THE INCOME EXTENSION SOCIETY" is purely a fictitious name for a very real and very active class of people in this city—THE PEOPLE WHO USE THE CLASSIFIED ADVERTISING COLUMNS OF THE SUN.

Some of these "income extenders" use the classified ads. for securing better employment, with higher wages. Some of them find them useful in securing private pupils for otherwise idle evenings. Some secure tenants, boarders, roomers, buyers for the not-used things in the house.

If you will look over the classified columns of THE SUN today you will get a hint of the sort of people who believe in "income extension" and how they go about the matter.

## Ask for Goods With UNION LABEL

The Union Label on all goods is a mark which indicates those goods are made under conditions favorable to organized labor.

If every union man, or the friends of organized labor, in general, will only demand such goods, and not accept those which do not bear the label, the cause will be greatly benefited. It is a duty to principle that demands such a precaution in union ranks. When you go shopping and spending union wages, simply have pluck to leave a store when informed that union goods are not carried.

Then again, there are union barbers, bartenders, shoemakers, painters, plumbers, and so on in all trades and professions. Endeavor to obtain their respective outputs. Let all at least demonstrate that we have no use at all for scabs or scab outcome.

### THAW EATS TOO MUCH.

Prison Physician Also Hunts at the Prisoner's Lazy Habits.

New York, July 18.—So many and such varying reports have of late been printed concerning the physical condition of Harry K. Thaw that Dr. Frank McGuire, the Tombs physician, has made a statement on his health.

Dr. McGuire said that Thaw's condition did not differ from that of any man confined as Thaw is, who lives on rich food and spends much time smoking a black briar pipe. Dr. McGuire added:

"I have advised Thaw to cut down the amount of smoking and to regulate his diet. I have written a prescription for him and have advised him taking less exercise in the prison, and urged him to take more than he does when he is out of doors in the afternoon."

Thaw now wears green goggles while in the prison yard. He complained that when out of doors the strong light hurt his eyes.

### Mrs. Depew's Butter Rotten?

Muskegon, Mich., July 18.—Mrs. Frances Depew, Detroit, sister-in-law of Senator Chauncey M. Depew, appeared in the police court today to answer the suit of a discharged domestic to recover wages.

In addition to denying she owed the girl anything, Mrs. Depew, in three pages of typewriting, declared Jennie Webb, plaintiff, was discharged because she said the butter was "rotten," that "it tasted as if it came from a cow fed on feed from a brewery," and that the milk and cream were "horrid."

Mrs. Webb, declared Mrs. Depew, refused to clean a floor without a mop and refused to wash, feed or cook chicken, and keep warm bread out of the draft.

### WATCH FOR IT

CLAIM CART WHEEL HATS RUIN FIGURES OF WOMEN.

London, July 18.—Beauty specialists are trying to kill the woman's so-called cart-wheel hat, which has reached enormous tentlike dimensions. The specialists say the wearers are crushed by these monstrousities, which are ruining their figures.

To sit in a carriage with comfort a woman would be obliged to put the feather of her hat out of one window, the bunch of flowers out of the other and the bow of ribbon through the trap door in the roof. As she cannot do this, she sits crouched up with her shoulders huddled, her neck bent and that expression of patient resignation on her face which is a sure forerunner of wrinkles.

Double chins, bent backs unsightly necks and figures robbed of their natural poise will be the result if this ridiculous headgear is not modified. The great majority of the men of the present day, however, want the women to keep them.

### GOV. LITTLE WILL BE KEPT AT HIS GREENWOOD HOME.

Greenwood, Ark., July 18.—There has been no change in Gov. Little's condition in the last few days. He eats heartily, sleeps well and is gaining flesh. His mental condition is about the same. He is now in the care of a special nurse from Little Rock, who has had considerable experience in such cases. Paul Little, the governor's private secretary, came up from Little Rock Saturday. The family has no intention of taking Gov. Little anywhere on a trip. They think it much better to have him remain in his home in Greenwood. While Gov. Little's condition at this time is not especially alarming the outlook for his recovery is not hopeful.

The only way to convince some men that a thing is good is to charge them double what it is worth.

"The evil that men do lives after them; the good is engraven on their tombstones and then forgotten."

### KOREAN EMPEROR TO ABDICATE

Decision Was to Be Reached This Evening—Intriguers at Work.

Tokio, July 18.—The emperor of Korea has sent for Marquis Ito and it is likely that he will receive the marquis in audience this afternoon (Thursday). It is believed the final decision on the request for the emperor's abdication will be arrived at this evening when the ministers appear in a body before his majesty.

The report from Seoul that the emperor attempted to seek refuge in a certain consulate is officially discredited, but it is thought that evidently intriguers are at work on a plan to remove the emperor from the palace. The rumor that the emperor has privately ordered the palace guards to shoot any suspicious persons is causing dismay to those not concerned in the plot.

### WATTESSON'S "DARK HORSE" IS MINNESOTA'S GOVERNOR.

Washington, July 18.—Governor John A. Johnson of Minnesota, is the "dark horse" whom Colonel Henry Watterson has so mysteriously hinted at in his editorials and speeches. The authority for this is Colonel Charles Edwards, secretary of the Democratic congressional committee, and minority clerk of the house of representatives.

Colonel Edwards returned to Washington today from a visit to Colonel Watterson at Louisville, and says that Colonel Watterson told him about his dark horse.

### Oklahoma's Code Is Amended.

Guthrie, Okla., July 18.—The constitutional convention adjourned today until September 16, the day before the general state election. Nine changes were made in the document to conform to the suggestions of Attorney General Bonaparte. The constitution will be filed tomorrow with the secretary of state.

—Your chief competitor in business hopes you will stop "wasting so much money in advertising."

### WATCH FOR IT

## CLOT OF SOOT

PROBABLY CAUSED DISASTER TO BATTLESHIP GEORGIA.

Recent Inspection Believes Ship's Officers of Suspicion of Any Carelessness.

Washington, July 18.—It is said at the navy department it is extremely improbable that the accident aboard the battleship Georgia resulted from any carelessness or lack of precaution on the part of the personnel of the ship. A short time ago a thorough inspection was made of every detail of the Georgia's ordnance by Commander Schofield, one of the most expert ordnance officers of the navy. This inspection included every one of the guns, the details of the turret mechanism, the workings of the gun hoists, ammunition hoists (which in the case of the superimposed turrets of the Georgia are rather more complicated than in the ordinary type), and, finally and most important, the handling of the guns and ammunition by the sailors.

It was found that the ship's company was very efficient at all points and it was certain that they were following closely the firing regulations in every essential detail.

### Clot of Soot.

In the absence of any other plausible explanation officials here are disposed to give consideration to the theory advanced by the Georgia's officers when they came ashore at Boston, that the powder charge of the eight-inch gun was fired accidentally by a clot of soot which came floating down smoldering from the ship's smokepipe and settled by chance into the open scuttle on top of the turret, alighting directly on the fifty-pound bag of smokeless powder in the hands of the loader at the breech of the gun.

### WISCONSIN IS IN LINE.

Longest Session of Legislature on Record Just Adjourned.

Milwaukee, Wis., July 18.—The 1907 session of the Wisconsin legislature, which has just adjourned at Madison, was the longest of any in the history of the state.

One of the most important of the measures enacted into law gives the railroad rate commission authority to regulate and control every public service corporation in the state.

Among other bills of importance that were passed were the 2-cent railway fare bill and general life insurance measures, one of these practically prohibits proxy voting. The other limits the expense charges in prolixities.

### In Bankruptcy.

In the District Court of the United States for the Western District of Kentucky.

In the matter of John L. Wanner, a bankrupt.

On this 15th day of July, A. D. 1907, on considering the petition of the aforesaid bankrupt for discharge, filed on the 12th day of July, A. D. 1907, it is ordered by the court that a hearing be had upon the same on the 27th day of July, A. D. 1907, before said court at Louisville, in said district, at 10 o'clock in the forenoon, or as near thereto as practicable, and that a notice thereof be published one time in the Paducah Daily Sun, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at said time and place and show cause, if any they have, why the prayer of said petitioner should not be granted.

Witness the Honorable Walter Evans, Judge of said Court, and the seal thereof, at Louisville, in said district, on the 15th day of July, A. D. 1907.
